

S2S PROGRAMME

We can support you to decide what to do if you, or someone you know, is sexually abused by an aid worker*.

We will not force you to report an incident to any agency if you do not want to. We will support you to make a decision about reporting and provide you with other forms of support you may need.

*Aid workers include staff or volunteers who work for an NGO, UN Agency, or other CBOs .

For further information/if you need support please contact these following organisations
